We need You

**To REGISTER &
Attend our:**

Daikin Installation Certification
Class on November 29, 2023

Daikin Service & Troubleshooting
Class on December 12, 2023

We need 8-12 Contractors and Techs to attend these 8 hr. seminars that will be held in our 1 B Street, Derry, NH classroom and both run from 8:30 am to 4:30 pm.

These Daikin Classes are not just power point presentations, they have several exercises throughout the classes to get you out of your seat and your hands on the equipment and controls.

Each person who attends will receive a Daikin Certificate of Completion & thumb drive with presentations on it for each class.

*Registration instructions
on pg. 2*

*More Information on
Classes pg. 3*

Snacks, lunch and drinks will be provided and Daikin tools. Accessories, products and tee shirts will be given away.

1 lucky attendee in each class will go home with a Daikin Premium Tool Kit with all the hand tools you need to correctly set up the Daikin Mini and Multi systems.

It would be great if the same group attended the install and service classes but you can sign up for one or the other, just understand that those who sign up for the install class will be given first dibs on the service class and then any remaining spots can be filled by people who want to take only the service class.

In order to attend one of these Daikin Certified Training events, there are a few things you will need to do in the following order:

1. You will need to open an account on Daikin City

- Daikin City Account [Registration Form](#)
- Creating a Daikin City Account [Instructional pdf](#)

2. You will need to go into the Daikin Training Center-Daikin University to register for and watch the 2-hr recorded prerequisite class "**CC-9w-A2L/R-32 Refrigerant Fundamentals**"

- ❖ **This needs to be completed ASAP so that you can register for the Installation and/or Service Seminars**

3. You will need to register in the Daikin Training Center-Daikin University for:

- TD-7 Daikin Ductless Install and Start-Up 06-23
- TD-10 Daikin Ductless Service and Troubleshooting 04-22

If you need assistance in completing any of these items, please reach out to Randal for assistance.
