

im A MARCONE COMPANY

We need You

To REGISTER & Attend our:

Two-Evening **Daikin Installation Certification Class** on January 29th & 30th, 2024

Two-Evening **Daikin Service & Troubleshooting Class** February 20th & 21st, 2024

Each of these 8 hr. seminars will be held on two consecutive evenings from 5 pm to 9 pm in our **NEW Daikin Equipped Training area** at our 1 B Street, Derry, NH classroom. These Daikin Classes are not just power point presentations, they have several exercises throughout the classes to get you out of your seat and your hands on the equipment and controls.

Each person who attends will receive a Daikin Certificate of Completion & thumb drive with pdf files of the presentations for the classes they attend.

Snacks, food and drinks will be provided and Daikin tools. Accessory products and tee shirts will be given away.

ONE lucky attendee in each class will go home with a Daikin Premium Tool Kit with all the hand tools you need to correctly set up the Daikin Mini and Multi Split systems.

The Daikin Ductless Install and Start-Up Class is a prerequisite class for the Daikin Ductless Service & Troubleshooting Class. If you have previously taken the Installation class, you can sign up for the Service & Troubleshooting class only with the understanding that those who sign up for the Installation Class will be given first dibs on the Service class and then any remaining spots can be filled by people who want to take only the service class.

In order to attend one of these Daikin Certified Training events, there are a few things you will need to do in the following order:

1. You will need to open an account on Daikin City

➤ [Click Here](#) for Step-by-step instructions on how to create a Daikin City Account

2. Send me an email using the email address you used to open your Daikin City Acct. with your name and the classes you want to take

I will approve your Daikin City account and register you for the classes

3. You will need to go on the Daikin City website and watch the 34 minute video CC-9 R-32 Refrigerant and answer the question after. [Click Here](#) for step-by-step instructions on navigating Daikin City to the Video

If you need assistance in completing any of these items, please reach out to Randal for assistance.
