SPRING TRAINING

DERRY • NASHUA

Registering and paying for TAS Academy Seminars and Webinars:

NOTE: All TAS Academy HVAC Training seminars can potentially have an **ONLINE** component. **DERRY** or **NASHUA** indicates the Classroom location for the seminar.

<u>When the ONLINE webinar is FREE</u>, you still must click on the registration link provided with the class description, enter the requested information and click submit. *The Webinar link will be sent to you automatically.*

When the seminar has an ONLINE component and a fee to attend, you must complete Steps 1 and 2 below. The Webinar link will be sent to attendee after payment is confirmed by sales.

When the seminar does not have an ONLINE component, You must complete Step 2 below or send in a completed registration form

Fax sign-up Sheet to 603-425-6117 Email to randal@totalairsupply.com

Step 1: Click on the provided link under the online date of the class you want to attend. If you want to take more than one class, you will need to complete this step for each class with an online component by clicking on the provided registration link for each class. You will be redirected to the registration page, click on the "Register Now" Box, fill out the form and click submit. The links to attend the webinar(s) will be sent to you by email AFTER you have completed STEP 2.

Step 2: Make Payment - Call Total Air Supply's sales department at 1-603-889-0100 or 1-800-370-0100 and let them know you need to pay for the upcoming class or classes you want to attend. You can pay with your credit or debit card or your Total Air Supply charge account, if applicable.

Nashua - Sat. April 19, 2025 8 am

Derry - Sat. May 17, 2025 8 am

Nashua - Sat. June 14, 2025 8 am

Derry Troubleshooting with Daikin D-Checker--March 19, 2025 5:30 to 8:30 pm FREE

The Daikin D-Checker is a software that enables you to monitor or record operation data of Daikin mini/multi-split systems and other Daikin equipment. You can use the Daikin Air Conditioner Monitoring Tool app, along with the Daikin Air Conditioner Monitoring Tool wireless adapter (model: BTSC/12S). This software assists the technician by displaying real-time system data and potential issues.

The class will begin with a presentation explaining the D-Checker App, the information you will see and how it all ties together to operate the system at peak efficiency and them some examples to help you better understand how to interpret the numbers you are seeing.

Register for this IN Person Class in **Derry** by <u>Clicking here</u>. Disregard the link confirmation you'll receive. This is an in-person class.

Online -- R32 is Here-What's Changed and What to Expect in The Field-- March 20,2025 5:30 to 8:30 pm FREE

This webinar will be different from most R32 Webinars. We will go over the things you need to know about R32 Rule Changes, How to work Safely with R32, a refrigerant that falls under the subclass A2L, which rates it as having a lower flammability capability. We will cover standards for R32 Recovery machines, vacuum pumps, leak detectors, gauges, hoses, recovery tanks, etc. What will make this presentation different is we will go over the R32 Pressure Temperature Chart and then a few examples of what you will see for operating temperatures & pressures at different indoor and outdoor temperatures. This will give the attendees a review for this upcoming cooling season.

<u>Click here to register.</u> The Webinar link will be sent automatically after completing registration.

Scheduled 2025 Spring Classes

EPA 608 Refrigerant Certification Review and Testing Review & Testing \$130 Testing Only \$70

March 24-25 – **Online** Review webinars
March 27 – Testing in **Derry**Classroom
5:30 pm Start time each evening

The two-day review consists of a PowerPoint presentation that gives a better understanding of the study guide material, accompanying charts and how the test questions are asked. Please note that this presentation should not be considered a substitute for studying. It is intended to be a final review before the test. An email address is required to register for the review webinar. Please register early to ensure you receive the study guide via email. Instructor: Randal S. Ripley
